PROJECTS

- **Personal and Academic Projects**

  - **Samsung Official Website (E-commerce platform) :-**
    Technologies Used :- (React, Bootstrap, JavaScript, Redux, React Router)
    Developed a fully responsive Samsung e-commerce website using React with bootstrap for design and javascript for dynamic functionality. key features include a homepage with an image slider, product details, add to cart, payment and thank you pages. Implemented routing using React Router and state management with Redux. The project is optimized for mobile and desktop.ensuring a seamless user experience.
